SECTION 1: GENERAL INFORMATION

The NH Department of Business and Economic Affairs, Office of Workforce Opportunity (BEA) is the State Agency designated by the Governor of New Hampshire to serve as the grant recipient for all federal funds allocated through Title I of the Workforce Innovation and Opportunity Act (WIOA), as well as the portion of SCSEP funds allocated to the State to operate the State SCSEP program.

The State Workforce Innovation Board (SWIB) serves as the overarching oversight body for WIOA State Formula Funded (WIOA) programs operating within the state. Working together the SWIB establishes the overall workforce strategies to be employed, while BEA manages the implementation and ongoing program operations consistent with the guidance provided by the SWIB. A sub-group of the SWIB, appointed by the SWIB Chair, will select a SCSEP service provider based on the criterion outlined in Section 3: Evaluation of Proposals of this RFP.

The Office of Workforce Opportunity within BEA is issuing this Request for Proposal (RFP) to select a single-service provider (sub-recipient) to provide services to participants enrolled in the State-sponsored Senior Employment Community Service Program (SCSEP) funded through the US Department of Labor (USDOL). The service provider shall enroll program participants consistent with pre-determined enrollment goals and develop an equal number of work experience sites for unemployed economically disadvantaged participants 55 years of age or older to improve their employability. Through work experience sites, participants will acquire general skills, knowledge and work habits necessary to obtain and retain gainful employment.

Community service agencies (non-profit and public organizations) also referred to as “Host Agencies” provide part-time (typically 25 hours per week) job-specific training opportunities for program participants. The SCSEP participant is paid no less than NH minimum wage for each hour they are in training. Program funds are used to pay participant wages, worker’s compensation and other allowable support services paid directly to the participant by the service provider. Individuals must meet all of the following conditions to be eligible for participation in the SCSEP program:

- Be at least 55 years old and a state resident.
- Have an annual family income of not more than 125 percent of the established federal poverty income guidelines.
- Be eligible to work in the United States.
- Be currently unemployed.

The design and implementation of SCSEP activities is governed by federal statutes and regulations. These regulations identify specific program design policies and procedures that must be adhered to on the State and service provider level. Respondents to this RFP are strongly encouraged to review the Older American’s Act (Title V) and the corresponding regulations to gain a comprehensive understanding of SCSEP program implementation and management requirements.
SCSEP is authorized by the Older Americans Act (Title V), as amended by Public Law 109-365 on October 17, 2006. The U.S. Department of Labor oversees and funds SCSEP; detailed information may be found at www.doleta.gov/seniors/html_docs/regs.cfm.

Statutes and Regulations governing the program are as follows:

- Title V, Older Americans Act (1965) 2006 Amendments
- Interim Final Rule (2017)
- SCSEP Final Rule (2018)

The SCSEP provides a win-win for participants and their communities: Participants help community organizations extend their capabilities while developing their own job skills, self-confidence, and a restored sense of self-worth.

Benefits to Participants:

- Building confidence
- Learning new skills
- Providing paid training
- Providing in-demand work experience
- Providing added income

Benefits to Community Service Agencies:

- Providing older workers who, while training, expand agency’s capacity to provide services
- Providing agency opportunity to evaluate loyal workers in training for possible hire
- Reducing “loss of productivity” due to reduced absenteeism from dependable older workers

Benefits to Employers:

- Providing a pool of experienced, dependable and qualified candidates for a variety of jobs
- Saving training dollars by providing loyal workers
- Accessing local agencies that know your area and business needs

1. Objective

SCSEP funds are allocated for the purpose of operating a standardized program of services that span multiple program years, and require significant training and program management experience and understanding. BEA through its Office of Workforce Opportunity (OWO) is requesting proposals from qualified entities capable of successfully operating the SCSEP in accordance with the requirements of the Older Americans Act and the United States Department of Labor (USDOL).

The successful bidder will be awarded an annual firm, fixed-price contract for work performed pursuant to this RFP. The contract term will be for four years (48 months) effective July 1, 2019 through June 30, 2023 subject to the approval of the New Hampshire Governor and Executive Council.
The total amount of funding available per contract year is determined by USDOL annually. The contract amount available for Program Year 2019 is projected to be the same as the amount allocated for Program Year 2018, which is limited to $421,835. Funding amounts for Program Years 2019–2022 will be subject to USDOL state allocations, which are typically announced in May of each year. For planning purposes the respondent should assume the same level of funding for each program year covered in this RFP (i.e., PY19, PY20, PY21, & PY22).

In addition, the service provider selected to operate this project must be able to provide no less than a 10% match (cash and/or in-kind) for the total federal award received by the State. The service provider selected must also have access to non-federal funds to reimburse the State for any program cost disallowed as a result of state and/or federal monitoring and/or an audit.

Please note that the entity awarded a contract as a result of this RFP must be prepared to immediately assume responsibility for SCSEP participants currently enrolled in the State SCSEP project (approximately 43 participants) with minimal disruption in services, including payments to participants. All current participants must be placed in unsubsidized employment or exit the program for other reasons before any additional participants may be enrolled in the program.

BEA reserves the right to modify services as specified in this RFP to conform to federal or state regulatory changes as they occur. If changes to the scope of service are necessary, the selected service provider and BEA will enter into good-faith negotiations to address additional/modified services and related costs.

Bidders are expected to carefully examine all requirements stipulated in this RFP and respond to each requirement in their proposals.

2. Background Information

The USDOL makes SCSEP funding available through two distinct funding channels; State Programs and National Programs.

- State Programs – approximately 22% of the total SCSEP funds available on the federal level is disbursed among the 50 States and US Territories to implement State-sponsored SCSEP projects. The Governor of each state/territory designates a State entity to serve as the grant recipient for State SCSEP funds. The amount of funding each State/Territory receives is based on a formula developed by USDOL based on population, number of older residents, number of unemployed residents, and other such factors.

- National Programs – approximately 78% of the total funds available on the federal level for SCSEP programming is disbursed among National Organizations (e.g., National ABLE, Experience Works, AARP, Goodwill Industries, etc.) pre-approved to compete to operate SCSEP programs in a State and/or region. The same formula described above is used to determine the level of funding for National Programs.

As stated earlier, BEA is the State Agency designated by the Governor of New Hampshire to serve as the grant recipient for federal funds allocated through Title I of the Workforce Innovation and Opportunity Act (WIOA), and the portion of SCSEP funds allocated to the State to operate the State SCSEP program. In this role, BEA is responsible for ensuring a comprehensive and coordinated service delivery system for the state sponsored SCSEP program. In addition, BEA is
responsible for developing the federally-required SCSEP State Plan and negotiating an Equitable Distribution Plan in consultation with all SCSEP providers operating within the State (i.e., a plan for enrollments that ensures a proportional level of service is available in each county with the state).

In New Hampshire, there are currently two SCSEP program operators. The State SCSEP program is administered by BEA, and the National SCSEP program is administered by Operation ABLE, Inc. in Boston, Massachusetts and operates locally in Manchester, NH. Consistent with the USDOL approved Equitable Distribution Plan the State SCSEP program provides services in three counties: Belknap, Merrimack and Rockingham. Operation ABLE offers services in the remaining seven counties.

Key elements of the SCSEP program include the following:

- The purpose of the SCSEP program is to provide meaningful part-time community service assignments with Host Agencies for persons with low income who are 55 years of age or older, while providing transition to unsubsidized employment. Service providers must develop appropriate work assignments for eligible individuals, which will result in the provision of community services and will promote unsubsidized employment opportunities.
- Service providers are required to provide eligible individuals wages for community service assignments and provide skill enhancement opportunities, periodic physical examinations, personal and employment-related counseling, assistance in transition to unsubsidized employment, and other benefits as allowed under the federal regulations that govern the program.
- All SCSEP enrollees must be assessed to determine the most suitable assignment for the individual and to identify appropriate employment, training, and community service objectives, which are documented on an Individual Development Plan (IDP).
- Some participants are hired by the agency they worked for or by an employer in the community; while others may move to another non-profit agency after several months in order to acquire new skills. The ultimate goal and expectation for every enrollee is that he/she will find unsubsidized employment.
- Host Agencies must be a governmental or non-profit, non-partisan organization. Organizations and agencies eligible to act as host agencies are public agencies operated by units of government and non-profit (501(c) (3)) agencies. Possible host agencies include, but are not limited to: Adult Education Centers, Community Action Agencies, Libraries, One-Stop Centers, Mental Health Agencies, Museums, Medical Clinics, Hospitals, Housing Authorities, Government Offices (Town, City, County, and/or Federal), Food Banks, Senior Citizen Centers and Public Schools.
- Host Agencies must agree to provide adequate orientation, supervision, instruction, and training on the job to each enrollee. Host agencies are also encouraged to consider hiring the SCSEP worker when an appropriate vacancy occurs. Employment of an enrollee funded by SCSEP shall be only in addition to budgeted employment, which would otherwise be funded by the host agency (i.e., shall not result in the displacement of currently employed workers, including partial displacement such as a reduction in hours or non-overtime work, wages or employment benefits).
• SCSEP Programs are assigned a specific number of participant enrollments (i.e., “slots” and/or “authorized positions”). The number of slots is determined by USDOL on an annual basis based on a standard cost per enrollee in relation to the amount of funds received by the provider. The number of assigned slots for Program Year 2018 is 43.

• The “slots” allotted for providers within the state must be apportioned among areas within the state in an equitable manner. This process is known as “Equitable Distribution.” At the beginning of each program year, the State (BEA) will work with service providers to negotiate an Equitable Distribution plan that shows the actual locations of authorized positions (slots) compared to the ideal locations in relation to the number of eligible persons and other pertinent considerations.

• SCSEP is a required partner in the NH Works One-Stop system. To the extent feasible, SCSEP staff will maintain a regular presence in the NH Works office(s) located in the program service area, and work to foster close working relations with NH Works staff. NH Works resources should be leveraged to supplement services provided through the SCSEP to fill gaps in training and employment services.

• A Memorandum of Understanding (MOU) between SCSEP service providers and the NH Works One-Stop Operator Consortium is currently in place to reinforce and support the importance of a coordinated service delivery approach.

• SCSEP operators are required to meet performance goals assigned by USDOL. Performance goals include the following:

1. Community service hours
2. Percentage of project participants who are in unsubsidized employment during the second quarter after exit from the project
3. Percentage of project participants who are in unsubsidized employment during the fourth quarter after exit from the project
4. Median earnings of project participants who are in unsubsidized employment during the second quarter after exit from the project
5. Effectiveness in servicing employers, host agencies, and project participants
   ▪ Customer Satisfaction (Participant and Host Agency)
6. Number of eligible individuals served
7. Service to most in need

3. Eligibility

Public or private non-profit employment and social services providers, private providers, and government entities are eligible to submit proposals in response to this RFP.

4. Qualifications

Service providers must have a minimum of three (3) years’ experience in providing employment services and/or social services. Preference will be given to respondents with a principal place of business in New Hampshire.

2.3 Letter of Intent

All agencies interested in submitting a bid in response to this RFP must submit a letter of intent; the letter may be submitted by e-mail to the Contract Officer. Such letter must be received by the Contract Officer by Noon Eastern Time on February 11, 2019. Bidders failing to submit a letter of intent by the stated deadline shall be disqualified.

1 BEA reserves the right to adjust these dates, either moving a date earlier or later in the calendar. The primary consideration in adjustment of dates shall be to ensure the earliest possible Governor and Executive Council approval of a contract awarded as a result of this RFP.
2.4 Proposal Contents

The following items must be contained in the proposal to meet the minimum requirements for evaluation. The sections must be in the order described below and written in a straightforward and concise manner. To ease in preparation of proposals, templates are incorporated into this RFP as Exhibits (A-F). Bidders are expected to carefully examine all requirements stipulated in this RFP and respond to each requirement in their proposal.

There are certain requirements, established by BEA, with respect to proposals submitted in response to this RFP. The words "shall", "must" and "will" except when used to denote futurity, shall be considered as indicative of a requirement in this RFP.

A. Transmittal Cover Letter – EXHIBIT A
The bidder must fill in the requested information. The letter must be signed in ink, by an official of the bidding organization authorized to bind the bidder to the provisions of the proposal.

B. Bidder Summary of Corporate/Organization Background & Experience – EXHIBIT B
The bidder must fill in the requested information and where applicable, provide/attach the requested information/documentation.

C. Statement of Work – EXHIBIT C
The bidder must provide a Statement of Work that specifically explains how each of the requirements of the work described in Section 4 will be fulfilled by the bidder, including an implementation timeline for all new bidders.

D. Cost Proposal – Exhibits D, E and F

1. There are three components of the cost proposal. The three components are:
   a. EXHIBIT D: Personnel Data. Fill in requested information for all personnel that will be charged to the contract. Identify any sub-service provider personnel as such.
   b. EXHIBIT E: Budget Proposal. Fill in requested information that includes the complete budget for the first year of the project. Budgets for years two, three and four will be negotiated annually consistent with the federal award process.
   c. EXHIBIT F: Budget Narrative. Provide written justification for the proposed expenses, by line item. The Budget Narrative should provide enough information that proposal evaluators need not seek clarification of the bidder’s budget proposal.

2. The proposed budget must contain the cost for providing services in PY 2019 (FY2020) (12 month period). Actual funds for program years 2020, 2021 and 2022 should be available by no later than May of each program year, or upon recipient of the federal notice of award, if received later. For planning purposes assume $421,835 for each of the
four years covered in this RFP. The costs must be provided by program year (July 1 – June 30) in total.

3. The contract must provide information on how the required 10% Match will be met and how it will be used to support program activities. For information purposes, the 10% program match for this project is determined by using the following formula.
   a. Divide the federal grant amount by .9 = the total grant amount
   b. Subtract the federal grant amount from the total grant amount = non-federal share

2.5 Oral Presentations
Oral Presentations, are not anticipated, but may be requested for finalists and will include explaining or clarifying characteristics or significant elements related to the proposals.

2.6 Key Personnel Interviews
Key personnel proposed by bidders may be requested to participate in a structured interview to determine their understanding of the requirements of this effort, their authority and reporting relationship within the organization, and their management style and philosophy.

Final Evaluation

3.2.1 Phase 1 - Evaluation of Minimum Requirements

A. The purpose of this phase is to determine if each proposal is sufficiently responsive to the RFP to permit a complete evaluation.

B. Proposals must comply with the proposal content requirements and timetable specified in Section 2. Failure to comply with the instructions shall deem the proposal non-responsive and subject to rejection without further consideration. The minimum requirements for a proposal to be given consideration are:

1. The proposal must have been received as provided in Section 2.8 and in the number of copies specified.

2. The proposal must comply with all of the sections as provided in Section 2.4, follow the sequence of format and provide corresponding references to this RFP.

3. The Department of Business and Economic Affairs reserves the right to waive this requirement due to minor irregularities in the bids.

C. This section will be evaluated through a pass or fail determination.

3.2.2 Phase 2 - Overall Evaluation of Response

Evaluation of Corporate Organization/Project Staff Experience

The Evaluation Team will assess the experience, corporate/organizational resources, and corporate/organization qualifications of the bidder. In addition, the experience of all assigned staff will be evaluated. The Evaluation Team will determine to what extent the organization and assigned staff have the capabilities to deliver the services described in the RFP and the bidder’s proposal. The bidder's financial ability to undertake the contract will also be evaluated. References may be checked.

Evaluation of the Statement of Work

A. The quality of the Statement of Work will be evaluated including:
1. The bidder’s understanding of each of the services described in the RFP and the inclusion of same in the statement of work;

2. The bidder’s knowledge of SCSEP and the bidder’s ability to assume responsibility for current participants, recruit eligible participants as needed, develop appropriate host agency sites, and move SCSEP participants to employment;

3. The bidder’s ability to coordinate services with the NH Works centers and provide additional links to a network of statewide agencies and organizations that provide services to low income individuals; and

4. The organization, completeness and logic of the proposed Statement of Work including the ability to transfer and pay wages to existing SCSEP participants without disruption in services.

B. An oral presentation (Section 2.5) may be scheduled for finalists as part of Phase 3. Points will not be awarded for the oral presentation but the presentation will be used by the evaluation team to clarify points in the proposal relating to the work plan.

**Evaluation of the Cost Proposal**

A. The cost of the proposal will not be the sole determinate factor for selection.

B. The cost proposal will be examined to determine if the cost proposal meets all minimum requirements, is sufficient to support the services, as described in the RFP and by the bidder in the bidder's proposal, and contains accurate calculations. Any cost proposal that is incomplete or in which there are significant inconsistencies or inaccuracies may be rejected by the Evaluation Team.

**3.2.3 Phase 3 - Best and Final Offer Phase**

A. The Evaluation Team reserves the right to make adjustments, clarifications, scope revisions and other similar changes which shall be formalized in the conduct of the Best and Final Offer (BAFO) phase.

B. If adjustments are made, BAFOs shall be requested from each bidder whose proposal has reached this phase. This step will be done in the form of a business letter sent from BEA to the bidder requesting changes and the submission of a BAFO.

C. BEA’s request for a BAFO will describe changes that the Evaluation Team wishes to make to the RFP, if any, as well as the specific identification of deficiencies, problem areas or weaknesses in the bidder’s proposal. Bidders will be permitted to clarify or amend their proposals, including the cost proposal, in the areas identified by the Evaluation Team.

D. The Evaluation Team may decide to require another interview to discuss the issues raised in the business letter. If interviews are required, they shall be required of all bidders involved in this phase.

E. The resulting changes to the proposal (including costs) will be entered into the final evaluation. The revisions must be clearly identified and referenced to the correct section.
numbers of the RFP. The revised BAFO cost proposal must be separated as was required in the earlier phase.

### 3.2.4 Phase 4 - Final Evaluation

A. The Evaluation Team will complete the final evaluation utilizing the same evaluation criteria used in the preceding evaluation phases for proposal revisions associated with Phase 3. Only the areas of each proposal affected by Phase 3 will be reevaluated.

B. Bidder’s scores will be reviewed and updated to reflect the final evaluation.

### 3.3 Contract Award

A. The evaluation by the SWIB Evaluation Team may result in the selection of one or more proposals that are most advantageous to BEA. After analysis, evaluation and validation of bidder responses, the successful bidder will be notified in writing by BEA.

B. The selected bidder may be required by BEA to participate in contract negotiations and to submit such price or other revisions to its proposal as may result from negotiations. A criminal records check of all employees, including sub-service provider staff, performing duties under the resultant contract will be required by BEA. Upon resolution of the final negotiations, BEA will prepare a final contract and submit the contract for Governor and Executive Council approval.

C. BEA reserves the right to amend or scale down the requirements delineated in this RFP or to not award the bid. In the event this occurs prior to selection of the successful bidder, all bidders not previously excluded from ongoing participation in this bidding process due to technical difficulties shall be notified of such amendment(s). Additionally, an opportunity for bidders to amend their bids will be given if such amendment(s) present a reasonable likelihood that amendments to bids would be needed for bidders to effectively respond to the RFP.

D. Any contract resulting from this RFP shall comply with the formatting requirement of BEA and shall include all of the terms contained in the State’s standard contract form (Form P-37) and supporting documents. The contract shall be effective only upon approval of the Governor and Executive Council. Copies of contract documents may be viewed at [www.nhworks.org](http://www.nhworks.org).

E. All contract staff assigned to this project will be required to agree to the terms as stated in a confidentiality agreement and be required to sign the confidentiality agreement.

F. The selected bidder must be in compliance with and/or agree to comply with all of the program assurances and certifications required by BEA and/or State and Federal law, which can be found at [www.nhworks.org](http://www.nhworks.org).

The requirements below are mandated components of the SCSEP program consistent with SCSEP rules and regulations. Service providers must have an action plan for each of these requirements to effectively operate and manage a SCSEP project, and develop a line-item budget that supports policy and procedure for planned services.

(1) Knowledge of Economic Conditions for the Service Area
To be effective the service provider must have a working knowledge of the regional labor market and economic landscape: Provide an overview of the labor market and economic landscape in Belknap, Merrimack, and Rockingham Counties, where this SCSEP project will operate. The overview should identify industries that are growing in these regions, have high levels of total employment, or are otherwise critical to the success of the economy of these regions, and labor market information for specific occupations in those industries that offer career opportunities for SCSEP participants and how this information will be used to identify training opportunities specific to the current labor market demand for the region.

(2) Recruitment and Selection of Participants
Outline a comprehensive plan for recruiting program participants. This plan should include specific recruiting activities that the Service provider will use, including the role of partners that will be involved in these efforts, and milestones, resources, and timelines. This plan should include a description of the role that NH Works One-Stop Career Centers will play in recruiting activities.

The income definitions and income inclusions and exclusions for determining SCSEP eligibility, as described in TEGL 12-06, must be used to determine and document participant eligibility. Indicate how eligibility will be determined and documented. TEGL 12-06 may be accessed on www.doleta.gov/seniors under “Technical
Assistance.” Identify new strategies to recruit applicants who can meet the income eligibility guidelines, especially those who must have priority for service.

Priority is to be afforded to individuals who are 65 years of age or older OR:

H. The service provider will be solely responsible for paying BEA any and all disallowed costs associated with the misappropriation of federal funds and/or costs expended on participants who were erroneous determined to be eligible for SCSEP services. Disallowed costs may not be paid with any other federal funds.
